Follow-Up Visit Planner
My partner, friend or family member was recently diagnosed

Note symptoms or side effects for discussion (issues with appetite, sleep, etc.)

Questions to Ask The Doctor

What should I know about the treatment plan?

What are the common side effects and/or complications with this treatment?

What is the treatment schedule and/or frequency of office visits?

Are there specific drug interactions I/we should be considering (foods to avoid, etc.)?

Are there any dietary changes that would be beneficial?

Is there a support staff member that I can meet with (patient navigator, social worker)?

Questions for Support Staff

What costs can we expect?

How can we reduce costs?

What support resources do you recommend (support groups, online resources)?

Additional questions/comments/concerns
